Deepti Pundhir is a highly experienced aviation professional and the Founder and Head Coach of Cabincrewflyer, bringing over a decade of in-flight experience to cabin crew and ground staff training. As a former Flight Purser, she has worked with five-star airlines as well as VVIP private charters, gaining strong exposure to international service standards, professional conduct, and airline interview expectations.

During her aviation career, Deepti was closely involved in observing and assessing cabin crew performance, which allowed her to develop a deep understanding of what airlines genuinely seek during the selection process. Her training methodology is based on real-world airline standards, with emphasis on communication skills, professional grooming, body language, personality development, and interview presence. Deepti believes that airline interviews are not about memorised answers, but about confidence, clarity, and professional self-presentation.
